Kaimhill School
Classroom Connection

2019/20

We've had a busy few weeks in Primary 2. We have been getting used to the class routines and settling back into school life. Please remember to bring P.E. kits to school on Wednesdays and Thursdays.

Literacy

We have been learning lots of new spelling words and sounds which we have been practising in school and in our homework.

In writing we are looking at how to retell a story. Each week we are reading a new story and writing about the main things that happened. We are focusing on adding capital letters and full stops in our sentences.

Numeracy

We have been looking at numbers from 11-20 and are practising counting and writing the correct amount. We will continue to develop our confidence with this.

We have been looking at time and the different times of day that we do things.

We will also be focusing on our problem solving skills.

Classroom Schedule

Monday- Assembly

Tuesday- Reading

Wednesday- P.E.

Thursday- P.E. with Mrs Black

Friday- Big Maths

IDL

We have been learning about the rights that children have and are creating a class charter. Our class charter shows the rights and what both the children and the teachers must do to ensure these rights are met.

We are learning about our local world and have been looking at Aberdeen and the different types of houses in the area.
