

Kaimhill School

Classroom

2019/20

Primary 5 Mr Middleton - Term 1

Holidays: Friday 25 September and Monday 28 September 2020. October holidays: Monday 12 October to Friday 23 October 2020

Literacy

Reading: We have begun building our comprehension strategies for fiction and non-fiction texts. These include Vocabulary, Inference, Prediction, Explanation, Retrieval, and Sequencing/Summarisation (VIPERS)

Writing: We have been learning Recount writing this term, including Diaries and Newspaper Reports. We have used Short Films from Literacy Shed as a basis of our writing.

Listening/Talking: P5 have been listening to 'Survivors' by David Long and Kerry Hyndman being read. These inspirational stories of true resilience have prompted listening comprehension questions and classroom discussions.

Numeracy and Maths

Estimation and Rounding: We have been learning rounding and estimation this term. This has included rounding whole numbers up to 4-digits to different place values; decimals; and using estimation in real-world contexts.

Big Maths: We have completed baseline assessments for Big Maths, and now we will be learning a variety of Mental Maths Strategies and Number Skills.

Countdown: We have frequently played Countdown as a fun way of reinforcing number skills in a problem-solving context.

Classroom Schedule

Monday- PE; Maths

Tuesday- Maths; Emotion Works with Alice

Wednesday- Taught Writing; Outdoor Learning

Thursday- Problem-solving + Mental Health and Wellbeing with Mrs Morrison
